

HELP YOURSELF while HELPING OTHERS

The Owners Roundtable by Sextant

TMA and The Sextant Company are pleased to bring the Owners Roundtable™ to TMA members. This peer group program enables owners to:

- Make Better Decisions
- Build a Stronger Team
- Execute Faster
- Have more time to work ON the business

Attend a FREE Information Workshop

And find out how it works

Thursday July 15th

What Owners are Saying

A good mix of members with different perspectives on common issues. Great insight and feedback that gives me more confidence to act decisively on the issues we are facing.

--Jim Soderquest, President
Midwest Steel

The Roundtable has forced me to plan. It takes me out from under the million day-to-day items that crop up and provides a roadmap to think and act long term.

-- Jeff Angsten, President
ShopWare

A company needs a road map to move forward and maintain a vision of where it wants to be in the next 3 to 5 years. The plan helps a Company stay on track but allows flexibility to adjust to the economic times or growth opportunities. It made me realize how much I need to get other people to take responsibility for carrying out the strategies so that I could do other projects to strengthen the Company.

--Tom Schweihs, President
Jay-Tee Screw Machine
